

CASA MARAVILLA

\$449K

PROPERTY OVERVIEW

Casa Maravilla (UNDER CONTRACT) is an architectural gem. Translated as "Wonderful House", the circular design generates gentle breezes and surprises at every view - the jungle, the lovely neighborhood, and even a glimpse of the ocean through the palm trees. The location is perfect - a block and a half from the beach on Sayulita's North side, and just five blocks from town center.

Casa Maravilla has three bedrooms, two full baths, two half baths, and an outdoor shower. The dramatic roof deck palapa with additional living, dining and a small dipping pool just adds to the livability of this very artistic, yet practical home.
